

RIVAL LEADERS
CANNOT AGREE

Split Between Villa and Carranza Is Complete.

REFUSED TO SUPPORT NATERA

Villa Declined to Send Five Thousand Men Under One of His Generals to Zacatecas and Carranza Insisted That He Obey Orders.

El Paso, Tex., June 19.—Efforts to minimize the break between Villa and Carranza were made by both men. Villa denied any difficulty had arisen, issuing a lengthy statement. Carranza asserted the difficulty had been adjusted.

El Paso, Tex., June 19.—The split between Carranza and Villa is complete, it was learned on the highest authority. Villa will proceed with his army south toward Mexico City, disregarding General Natera, whose appointment by Carranza as head of the new central zone evidently caused the open breach between the northern zone commander and the Constitutional commander-in-chief.

This for the first time made clear the relations between Carranza and Villa. It was said officially that Villa's forceful taking over of the Carranza offices at Juarez was but a step in a general plan to oust all Carranza elements in the territory Villa dominates.

While not declaring that he is not under Carranza's orders, Villa is known to have told his chief that he will take the central strip of country leading to Mexico City, while Carranza's other divisional commanders can operate down the east and west coasts.

According to this arrangement there would be two distinct governments, both military and civil, in the northern half of Mexico, held by the revolutionists.

It is not doubted that General Alvaro Obregon, commander of the western military zone, and General Pablo Gonzalez, in the east, will remain firm adherents of the Carranza party.

Villa Wins Over Leaders.
Villa already is reported to have taken over some of the petty leaders of the central zone territory to the south of Torreón.

The news that General Natera, whose troops have been repulsed by the federalists at Zacatecas, had come north to visit Villa was taken as significant. Natera previous to his appointment as a zone commander, blocking Villa's movements, was a staunch Villa man.

It also was learned that General Chao, who some time ago had been reported ousted by Villa as governor of Chihuahua, has joined Villa with a column of troops from Parral, although having been ordered by Carranza to proceed to Saltillo.

The authoritative narrative of what occurred between Carranza and Villa is as follows:

Saturday Carranza ordered Villa to send 5,000 men to the assistance of Natera, under command of one of Villa's generals. General Villa replied that he was going to Zacatecas himself with his entire army.

In reply to this Carranza asked Villa to obey his orders, which would have placed Villa's troops under command of Natera, in whose zone Zacatecas is located.

After this exchange of telegrams Villa proffered his resignation. Carranza asked that his successor be appointed at once.

Then followed the conference of fourteen generals under Villa, who declined to accept any new leader.

Villa then told Carranza that he was going to move south as he previously had announced. The exchange of notes ended.

LATEST AMERICAN PATTERN

Large Quantity of Rifles for Irish Nationalists.

Dublin, Ireland, June 19.—Large quantities of rifles and ammunition were landed during the night on the Connemara coast in the west of Ireland by the Nationalist volunteers.

The consignments are supposed to have been brought by mysterious vessels which had been sighted cruising along the coast for a week past, but had refused to reply to any signals. The rifles are said to be of the latest American pattern.

Torpedo boats have been ordered to patrol the coast to prevent further gun running.

FIRE MAKES 200 HOMELESS

Blaze Destroys Hotel, Grocery, Theater and Twenty Buildings.

Newberry, Mich., June 19.—Nearly two hundred persons were made homeless in the village of Dollarville, Luce county, by a fire which destroyed a theater, a grocery store, a hotel and twenty dwellings.

The blaze started in the theater when a moving picture machine exploded. No one was injured.

STATE WILL BUILD ROADS

1,600 Miles in 1914 Is Task Before Wisconsin.

La Crosse, Wis., June 19.—A. R. Hirst, state highway engineer, said that 1,600 miles of modern roads would be constructed in Wisconsin this year under the direction of his department as a result of state aid, in an address before the Wisconsin County Clerks' association at La Crosse. He scored the county highway commissioners, declaring that fifteen are bad and three "impossible." He refused to divulge their names, but said the incompetent officials would be discharged.

Waupaca was awarded the next convention and the following officers were elected: President, Louis F. Shoemaker, Waupaca; vice president, Sanford H. Wood, Baraboo; secretary, Russell H. Jones, Kenosha; treasurer, V. P. Rath, Antigo.

AMERICANS REPLY
TO MEXICAN ENVOYS

Statement Covers Entire Range of Criticism.

Niagara Falls, Ont., June 19.—The American delegation to the mediation conference made public a statement, issued with the consent of the Washington government in reply to the statement given out by the Mexican delegation, criticizing the American plan for the establishment of a provisional government in Mexico, with a Constitutional at its head.

Suggestions that President Wilson had any intent to destroy the electoral liberty of Mexico are "utterly repudiated" by the American representatives.

The statement covers the whole range of criticism made by the Huerta delegates. Coming on the eve of the next full conference of mediators and delegates, at which is to be determined whether there is any chance of agreement through mediation for settlement of the Mexican problem, the statement was interpreted as foreshadowing the unalterable and unyielding position of the United States in future parleys.

TWO DIE AT AUTO CLIMB

Contestant, Misunderstanding Signal, Is Killed.

Uniontown, Pa., June 19.—J. E. Shafer of Pittsburgh, a contestant in the hill climbing event of the Automobile club of Fayette county, was killed at the Crow's Nest, a dangerous point on the National Pike.

Shafer misunderstood the signal of the man at the bend and in attempting to change the course of his car drove it against the cliff.

A few minutes later a car driven by J. E. Kerr of Richmond, Va., skidded and dashed into the crowd along the course. David Davis was knocked down and suffered a broken leg.

At the finish Dr. Joseph Van Kirk of Elizabeth, Pa., became so excited he met death from apoplexy.

PLAN TO FORM NEW UNION

Seceding Butte Miners Will Hold Meeting Sunday.

Butte, Mont., June 19.—Miners in revolt against the Western Federation of Miners, the local union and the national organization, took first steps to organize an independent union without affiliation with any other order. The plan of organization will be disclosed at a general mass meeting Sunday.

The executive committee of fifteen of the insurgents, who called the meeting and had it under control, reported to insurgent miners that the card system which prevailed at the mines had been voted out of existence.

A motion was carried to have the stories of newspaper reporters passed on by a committee of insurgents before the stories were printed.

SENATE RESENTS
BRYAN'S REBUKE

Will Not Cut Off Debate of Any Question by Minority.

REFUSE TO ADOPT CLOTURE

Majority Fear That if They Lose Their Power Precedent Will Be Used by Opponent—Immigration Bill Sleeping in Senate—Demand for Rural Credit Legislation General.

By ARTHUR W. DUNN.

Washington, June 19.—[Special.]—It is not likely that Secretary Bryan endeared himself to the senate by criticising the methods of that body and asserting that cloture should be adopted.

Senators do not like criticisms of this kind by anybody and more especially by members of the administration. Unlimited debate and unlimited free speech are regarded as sacred prerogatives of the senate.

Many senators come to congress who believe that there should be a limit placed on the debates, but the large majority favor the present conditions.

Rights of the Minority.

It was Vice President Marshall who said the other day that unlimited debate in the senate preserved the rights of the minority and was a good thing.

"Most of my life," said the vice president, "I have been a minority Democrat in Indiana. I have been criticizing and pointing out the mistakes of the majority party. I have been insisting that it was a mistake to say that the majority is always right. That is one trouble with majorities—they assume that they are always right. Now that we are in the majority I am not going to reverse my position."

The fact is that every majority party hesitates to adopt extreme and drastic methods for fear the time will come when it will be in the minority and the precedents which it established will be used to its disadvantage. That is one reason why the senate will not adopt cloture.

Seems to Be Sleeping.

The immigration bill, which was passed with such a rush in the house of representatives, seems to be sleeping soundly in the senate. And a surprising feature is that nobody seems to care. When this immigration bill was put through during the last part of the administration of President Taft, even to the point of attempting to pass it over his veto, it seemed to be the only thing in sight. It looks as if Woodrow Wilson had put his extinguisher on this measure, as it is known that he is much opposed to the literacy test, and it is doubtful whether the bill could be passed without that test being included.

Trading Material.

An explanation of a number of amendments made by the senate to the river and harbor bill is that the senate wanted "trading material." It was thus explained by a house member:

"You see that there have been cuts made in items of the states of members who will be conferees. That is because the senate will say to these conferees, 'If you want your items back in the bill you give us some of the things that we put on.' It is an old game, and it always works."

Recalled a Senate Affray.

Senator Tillman of South Carolina when speaking on the canal tolls recalled his fight with his colleague, Senator McLaughlin, on the floor of the senate many years ago. He did not tell all of the incident or the things growing out of it. That clash was caused by accusations of Tillman against McLaughlin to the effect that he was brought to vote for the Spanish treaty with federal patronage. One result of the fight was the withdrawal of an invitation to Tillman to attend a dinner at the White House in honor of Prince Henry of Germany. Up to that time Roosevelt and Tillman had been good friends, but Tillman afterward became Roosevelt's most bitter opponent.

Rural Rumblings.

It is evident that the members of congress have begun to hear from their rural constituents. Several men have insisted that the rural credits bill should be passed at this session.

"Farmers are a mighty power in this country," remarked Senator Tillman in the senate when urging rural credits legislation. Other members of congress are saying that it will be dangerous to adjourn without enacting some form of a rural credits bill. If rural credits should be added to the program of trust legislation the chances for adjournment are far off indeed.

Embarrassed, but Vigorous.

Senator Martine of New Jersey, who opposed the program of the president on the repeal of the canal tolls, explained how embarrassed he was to oppose the president. He said that the president was a splendid man, of honest purpose and integrity, but on this question he could not agree with him.

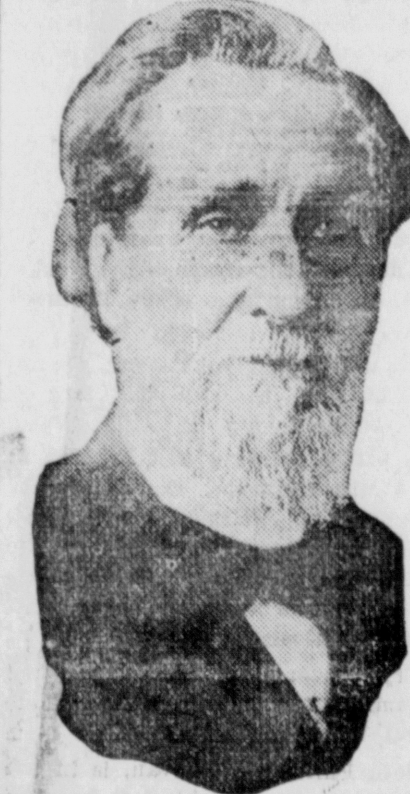

But Martine was none the less vigorous in his talk in the senate, and it sounded rather strange after saying all of the nice things about the president to use such an expression as this regarding the repeal: "To pass this repeal measure is a blot on our boasted Americanism, and it is to defile a page in the nation's history." Martine cannot help vigorous expression when he has anything to say in the senate.

A Substitute.

"Have the Coumups a pedigree?" "No, but their French bull has,"—Baltimore American.

Aged Senator Wears Red Carnation on His Birthday.

Washington, June 19.—Uncle Ike Stephenson, the oldest senator, celebrated his eighty-fifth birthday by appearing in the senate chamber wearing a bright red carnation. Senator Stephenson, who is from Wisconsin, is one of the most regular attendants at the senate sessions and the rigors of a summer sitting in Washington have no terrors for him.

ASSERTS STEERING
GEAR WAS FAULTY

Empress of Ireland Quartermaster Testifies.

Quebec, June 19.—Assertions by James Francis Galway, a quartermaster, that the Empress of Ireland did not steer well, that her wheel "jammed" only a few hours before the collision which sent her to the bottom of the St. Lawrence river, and a denial of these claims by officers of the lost Canadian Pacific liner, were the cardinal points in the mass of testimony heard by the Dominion commission investigating the wreck.

It was announced that a contract to salvage the Empress had been let to the Canadian Salvage company. It is believed that two months will be required to complete this work. It has not yet been decided whether an attempt will be made to raise the sunken hull after the bodies and valuable cargo have been removed.

Galway underwent a severe cross-examination at the hands of Lord Mersey and Butler Aspinall, representing the owners of the Empress, but he stuck to his story. It was intimated during the proceedings that an attempt had been made to get him out of the country without testifying. This was denied by Canadian Pacific officials.

Menominee, Mich., June 19.—Eminent Bess, the world's champion Jersey cow and pride of the Roycroft farm at Sidnaw, Mich., owned by Walter Prickett, is dead of pneumonia. Bess won the world's championship in 1913 by producing 18,782 pounds of milk, which is equivalent to 1,132 pounds of butter.

RUSSIAN BOMB TALE DENIED

Officials Say Train Wreck Was Due to Defective Engine.

St. Petersburg, June 19.—It was officially stated that the wreck of the postal train, while preceding the imperial train bearing the emperor and the imperial family from Kishinev to St. Petersburg, was due to a defect in the locomotive.

The report that the accident was brought about by an attempt on the life of the members of the Russian imperial family was officially declared unfounded.

WOMEN VOTERS CARRY DAY

Elect Member to Deadwood School Board.

Deadwood, S. D., June 19.—Women swept the day in the most interesting school election held here in years. Mrs. Rose Southmayde, the first woman to attempt to become a member of the school board, was opposed by C. H. Henderson, a well known business man, whose friends made a vigorous campaign. This aroused the women voters of the city and they turned out in force, nearly three-fourths as many women voting as men and the first time in Deadwood that any considerable number had gone to the polls. Mrs. Southmayde was elected by a majority of 346.

English Premier Surrenders to Suffragettes.

SYLVIA PANKHURST ACTIVE

Young Woman Attempts to Carry Out Her Threat of a Hunger Strike at the Entrance to the House of Commons and Keir Hardie Induces Premier to Yield.

London, June 19.—Premier Asquith has capitulated to the suffragettes. He has consented to receive a deputation of East End working women in Downing street Saturday morning.

The premier's decision was reached to save the life of the militant leader, undergoing her eighth hunger strike.

Miss Sylvia Pankhurst attempted to carry out her threat of a hunger strike at the entrance to the house of commons until the premier yielded to the demand that he listen to a delegation of women.

The efforts of James Keir Hardie, Socialist Independent member of parliament, and George Lansbury, a former member, helped the militant suffragette leader to bring the premier to his knees.

The victory is a distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of East End women to Westminster to demand the audience which Mr. Asquith now has promised.

Holloway jail opened its doors to release Miss Pankhurst, who was weak and pale after her eighth successive hunger strike, but still determined.

She drove to Westminster immediately in a motor car with a woman chauffeur and rebuffed Kier Hardie's efforts to persuade her to go home.

She was sitting on the steps of the central entrance to Parliament House, propped up with cushions and supported in the arms of friends, when Mr. Lansbury came out with the news that Premier Asquith had surrendered.

THREE WOMEN LOSE LIVES

Others Probably Perished When Train Goes Through Culvert.

London, June 19.—Three women were drowned and it is feared that a dozen other persons perished when a passenger train went through a culvert into a torrent at Carr Bridge, twenty-eight miles south of Inverness, Scotland.

A thunder storm was responsible for the accident. The culvert, which had become undermined, collapsed.

Many persons escaped from the cars, but drifted about in the stream and were badly injured.

Charleston, W. Va., June 19.—Two hundred miners were ordered to return to work by officials of the United Mine Workers when the announcement was made that the Hickory Ash Coal company had signed the Kanawha scale giving the men the check-off.

Later the Standard Kanawha Coal company signed the agreement with the check-off, adding 400 miners to the number who will return to work.

MUSIC AND DRAMA

At the Grand

Lucille Love appears tonight and Saturday night with a Saturday matinee at 2:15. This weeks serial finds Lucille a captive in Loubeque's home to which he has taken her. This part is full of thrills and excitement. You can see the big escape over the house tops which Lucille makes.

"Mother Michael and Her Cat" is another wonderful picture shown with Lucille Love. It is a hand colored film from the famous Paris studios of the Eclair Co.

From Kandy to Columbo, is an educational film. It is hand colored and very beautiful. You will see all the gorgeous forests and vegetations, rich in color. The scenery is wonderful.

At the Columbia

"Sapho" comes to the Columbia today and tomorrow. Very few people there are who have not read this French masterpiece of fiction. It is produced in photo play form in four acts each one teeming with interest throughout. No play has ever been written that even compares to Sapho in heart interest and genuine pathos. If you miss "Sapho" you miss an event.

At the Park Theatre

Despite the threatening weather last evening the Park Theatre was comfortably filled with an audience eager to witness the first installment of "The Perils of Pauline" and it can truthfully be said that this is the best serial picture that has been exhibited in our city. There is not one scene that is improbable or impossible, with the exception of "What Did the Mummy Say" This is the thing that the prize of \$1000 is offered for. To anyone who can offer the best answer for this the Hearst Chicago Examiner will pay in cash the sum of \$100. In each installment of this picture there is a similar prize offered, so watch the columns of this paper for the announcements of the next date, then try your luck at competing for the prizes.

"The Perils of Pauline" will be shown again this evening along with a sure fire Selig comedy "Redhead and Ma's Suitors" at 5 and 10 cents.

IT is true that Ivory Soap

is used for laundry purposes. But the kind of laundry purposes for which it is used is just another proof of its excellence for bath and toilet. For Ivory washes safely the exquisite linens and laces, the gossamer-like silks, the delicately colored materials that you would not dare risk to the average toilet soap.

In other words, Ivory Soap is the mildest, purest, best soap for the bath and toilet that can be made.

The Sunkist Orange

With the Different Flavor

Ask for "Sunkist Valencia"

The Valencia Sunkist is the California Summer Orange—a sweet, juicy, luscious fruit, ripened on the tree.

Easy to peel, and practically seedless.

Some are dark in exterior appearance, some lighter in color. But all are a deep red inside and sparkling with healthful juice.

Oranges are picked in California every day in the year, and the Late Valencia is one of the very finest ever grown.

Glove-picked, tissue-wrapped, shipped right from the tree—you get it fresh with the real tree-ripened flavor.

There is more Catarrh in this section of the country than all other diseases put together, and the last few years have shown that it is incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
